

West High Yield Extends Private Placement

CALGARY, Alberta, April 16, 2018 -- On February 28, 2018, West High Yield (W.H.Y.) Resources Ltd. ("**West High Yield**" or the "**Company**") (TSXV:WHY) announced that it proposed to complete a non-brokered private placement of units ("**Units**"). There is no minimum subscription for this offering and a maximum of 2,428,571 Units are proposed to be issued at a price of \$0.35 per Unit for gross proceeds of up to \$850,000. Each Unit will consist of one common share in the capital of the Company (a "**Common Share**") and one-third of one common share purchase warrant (a "**Warrant**"). Each whole Warrant would entitle the holder to purchase one additional Common Share at an exercise price of \$0.55 for a period of one year from the date of issuance of the Warrant.

In connection with the private placement, the Company may pay cash finder's fees and may issue finder's fee warrants to eligible arm's length parties, all in accordance with the policies of the TSX Venture Exchange. The finder's fee warrants that may be issued shall be in a number that is up to 7% of the Units issued, with each finder's fee warrant being exercisable to acquire a Common Share at a price of \$0.55 per share for a period of 12 months from the date of issuance.

The Company announces that the TSX Venture Exchange has consented to the Company extending the closing of the proposed private placement to a date that is on or before May 14, 2018. The proposed private placement remains subject to receipt of all necessary regulatory approvals including the approval of the TSX Venture Exchange.

As previously disclosed, assuming the maximum offering is completed, approximately \$750,000 of the net proceeds are expected to be used for the continuation of the environmental base line study, environmental assessment study and mine plan and permit application and Industrial Quarry Permit application for the Company's Record Ridge deposit near Rossland, British Columbia and the balance of the net proceeds will be used for general corporate purposes.

The Industrial Quarry Permit sought under the Mines Act (British Columbia) will allow for the extraction and sale of up to 249,999 tonnes per annum of industrial rock. The Company is also in the process of developing potential customers with processing facilities and the ability to process the industrial rock. It is anticipated that industrial rock sales will provide cash flows from operations while continued mine plan and permit application efforts are being made.
